saraanasim.github.io/portfolio-2023

With almost **3 years** as a **MERN stack** and **Next js developer**, I've crafted diverse web applications, from concept to refinement. Proficient in algorithm design, integration management, and CI/CD pipelines. Passionate about continuous learning, evidenced by contributions to **technical articles** and **problem-solving** on platforms like Leet Code.

SKILLS

Frameworks & Libraries

MERN Stack

Next Js

Nest Js

Gatsby Js

Selenium Automation

Major API Integrations

Google Maps API

Stripe

PayPal

Google Analytics
